

## Rules and procedures – Digital and Interactive Media

Welcome to your Digital and Interactive Media class. At this time, your teacher will explain the rules for your school and your classroom. These rules will vary, depending on your campus and your teacher.

In addition to the classroom and school rules, each teacher will have certain procedures. If you understand these procedures and have a willingness to work hard, you will have everything you need to be successful in your class.

By the end of this lesson, you should know:

- How to enter the classroom
- How to log into your computer
- How to locate your assignments and lessons
- How to ask for help
- How to submit your work for a grade
- How your work will be assessed
- How to keep track of your progress
- How your grades will be calculated
- How and when testing will occur
- How you can track your grades
